

LASER FACT SHEET

NICHOLAS A. VERO, D.D.S.

Facts:

- Virtually painless dentistry
- No post operative numbness
- Versatility of techniques
- Pleasant patient experience
- No injections
- No numbness
- Geriatric applications
- Hopeless and compromised teeth
- Think outside the box
- Time, ease, comfort, accessibility
- No noise, no drill, no anxiety

More Facts:

- Laser etch: no smear layer-disinfected
- Antimicrobial – antibacterial - sterile
- Cleaner, almost bloodless, more visibility
- Decay removal - condition enamel & dentin
- Soft tissue bandages: aphthous ulcers, herpetic lesions, angular chelosis
- Cheek biting, hyperkerototic tissue
- Troughing for impressioning
- Debridement disinfection around implants, perio conditions

LASER FACT SHEET

NICHOLAS A. VERO, D.D.S

Perio Facts:

- Gingivectomy
- Gingivoplasty
- Crown lengthening closed flap
- Osseous recontouring
- Implant maintenance
- Pocket control disinfection - debridement 3-5 mm and beyond-LILL (Low Intensity Laser Lavage)

Prosthodontics & Restorative Facts:

- Overdenture, abutments, GV & composite coping
- Restorations Class I, II, III, IV, V, VI
- NKAFX: CL V around a crown with GV
- SAT (save a tooth), SAC (save a crown) that would have been extracted or too difficult to be saved
- Abfraction - Abfracorosoin NCCLV (Non-Carries Class V) lesions
